### **Details of the Placement**

The Placement price of \$0.036 represents a 10% discount to the Closing Price on 27 November 2024, being the last trading day prior to the announcement of this Placement.

Aguia has received firm commitments from a select network of high net-worth investors and family offices to raise \$1.5 million before costs, via the issue of 42 million new fully paid ordinary shares. The Placement was managed by Far East Capital Limited.

\$126,000 (3.5 million shares) of the placement has been subscribed for by Directors of the Company and will only be issued following shareholder approval at the Company's next General Meeting and 38,463,947 shares will be issued under ASX Listing Rule 7.1A.

**Executive Chairman, Warwick Grigor, commented:** *"Consistent with Aguia's policy of strengthening its share register, we are pleased to announce this Placement to new and existing shareholders. New funds raised give us added financial flexibility as mining and processing activities get underway this month at our Santa Barbara gold mine in Colombia. The additional funds will also help advance the development of our extensive phosphate projects in Brazil where we have recently secured an agreement to lease a processing plant to commence operations much sooner than first anticipated. The coming months will be considerably active for the Company."*
